

NLMK Clabecq S.A.

Rue de Clabecq 101  
BE - 1460 Ittre

Date 23 Sept 2018  
Our ref AEN0294002

Dear Sir, Madam,

### NLMK Clabecq Digital Signature

Please be informed that in reference to our inspection services we provide for NLMK Clabecq S.A., the Energy type 3.2 certificates are issued with a digital countersignature as stipulated in BS EN 10204 (2004) pt. 4.2 and pt. 5.

Whoever it may concern can check the validity of a digital signed document in the blue box at the top of the page. It should state that the document has been certified by the person signing the document. If the blue ribbon contains a yellow alert and words stating that unsigned changes have been made after the last signature then please contact LR Antwerp office immediately and treat the document as a potentially modified from the original.

I wish you safe receipt of the foregoing.

Yours faithfully,

Jasper VRANCKAERT
